Education

GLA University, Mathura	June 2027
Bachelor of Technology in Computer Science	CGPA: 7.2/10
St. John's School, Firozabad	May 2023
Intermediate (CBSE)	80.2%
St. John's School, Firozabad	May 2021
High School (ICSE)	88.5%

Technical Skills

Programming Languages: Java, C, SQL
Web Technologies: HTML, CSS, REST APIs, HTTP, JSON
Backend Development: Node.js, Express.js
Database: MongoDB
Cloud & DevOps: Azure, Azure CLI, Bash, Cron Jobs, CI/CD Basics

Projects

Distributed Command System 2026
Java, Socket Programming, Multithreading — [Link](#)

- Developed a distributed client-server application enabling remote command execution across networked systems.
- Implemented socket-based communication for transmitting commands and receiving responses in real time.
- Designed a multi-client architecture capable of handling concurrent client requests efficiently.
- Applied Object-Oriented Programming principles to create a scalable and maintainable system architecture.

Little Lemon Restaurant Web App 2025
React.js, JavaScript, CSS — [Link](#)

- Built a responsive restaurant website using React.js.
- Developed reusable UI components and dynamic content rendering.
- Improved maintainability using component-based architecture.

Azure Resource Tracker 2025
Azure CLI, Bash, Cron Jobs — [Link](#)

- Automated Azure resource monitoring using Bash scripting.
- Scheduled monitoring workflows through Cron Jobs.
- Identified inactive resources to improve cloud utilization.

Certifications

- Meta Front-End Development Certification
- Data Science Workshop Certification – AppSquadz

Hackathons & Activities

- Participated in Smart India Hackathon 2024.
- Coordinated Technavya Fest, GLA University.
